BUNCH AND MUSCADINE GRAPES
FRUITS, NUTS, SMALL FRUITS, SHRUBS, ETC.

--THE BEST NEW AND TESTED VARIETIES--

CARNESVILLE, GA., RT. 1

OUR SPRING 1950 VARIETY PRICE LIST

Bunch and Muscadine Grapes are both native and adapted here. Our Bunch Grapes ripen from about July 1 to October 15 and our Muscadine Grapes from about September 1 to November 1.

Below we list our limited surplus of our different breeds of Bunch Grapes and our Cotton Belt Muscadine Grapes, all in separate groups, as to their sources and origination and as to color and about as they ripen, earliest first.

Order From This List. Plant Now. All our 2 year stock was root pruned, with plow, soon after frost and our Georgia Experiment Station now, after 5-year tests, say it is best to plant grape vines in late winter and early spring in North Georgia. Also that it does not cut yields of muscadines to prune late and for the vines to bleed.

MUSCADINE GRAPES

Muscadine Grapes. The South's finest, most frost and pest resistant, dependable and profitable fruit crop. No spray required.

Best Standard Varieties (All Self-sterile. See pollination below). We have to layer muscadine vines one season to root them.

Prices: Two year No. 1 transplants 75c each. One year No. 1 transplants 60c each. No. 1 rooted cuttings 40c each. Two of five varieties or five of one variety 10% off.

All Prepaid: On orders of \$2.00 or more.

White Varieties: Dawn, Scuppernong, Stuckey, Yuga.

Reddish Purple Varieties: Dulcet, Thomas, Creek.

Black Varieties: Hunt, Spaulding.

Male Pollinating Vines (non-bearing): All grades same price as others.

Pollination: While muscadines often bear good crops one-fourth mile from pollinators, all the above, best varieties, require a male plant within 50 feet for best production or planted every third vine in every third row. Plant 10 feet apart in 20 foot rows.

New Self Fertile Varieties: These bear fruit and may eventually take the place of male pollinators. **Prices:** We offer these one year No. 1, 75c each. No. 1 rooted cuttings, 60c each, prepaid as the above. Willard White, Burgaw Purple, Tarheel Black.

BUNCH GRAPES

Bunch Grape—Prices (except as noted) 2 year No. 1 65c each; 1 year No. 1 50c each. Two of five varieties or five of one variety 10% off. All prepaid.

Munson's Texas Hybrid Bunch Grapes: All these were originated by crossing two immensely vigorous types of wild grapes found in central Texas, on our old Favorite Eastern and Euro-

pean varieties, that breed in the fine qualities of the parents (given below) and increase the vigor, size, yield and resistance of all everywhere, especially in the South. Plant 12 feet apart in 9 foot rows and prune long.

White Varieties: Wapamka (Delaware), Armalaga (Malaga), Edna (Malaga), Minnie (Malaga). All 75c and 60c.

Red and Purple Varieties: Brilliant (Delaware), Manito (Delaware), purple with white dots, Mericadel (Delaware), Ellen Scott (Herbertmont), Last Rose (Jefferson).

Black Varieties: Lukfata (Cha-X Moore's Early), R. W. Munson (Triumph), Delicatessen, (Delicious X Triumph), Extra, Florida Beacon, (Triumph), Bailey (Triumph), Champanel, (Cha X Worden, Carman (Triumph), Longfellow (Italian Criesa) 75c and 60c, Fern Munson (Catawba).

New French Hybrids (Bred similar to Munson's hybrid, succeeding throughout the East): Seibel 9110 White, Corinthe Grosgrain, white, both finest dessert and market, both 2 yr. \$1, 1 yr. 75c. Seibel 1000, Black and Wine, 65c-55c; Seibel 6905, Large Table and Wine, 65c-55c; Seibel 5813, Large Red Table, 85c-70c; S. V. 12364, Large Black Table and Wine, 85c-70c.

Standard Eastern Bunch Grape: Finest new and early varieties, originated by the New York Fruit Testing Association and our old favorites originated in various Eastern states. All are pure Fox grape stock or crossed with European stock adapted to the Piedmont Section North. Plant 8 x 9.

White Varieties: Ontario, Sinaca, 2 year, 75c, 1 year 60c. Portland, Niagara, Golden Muscat, 2 year 75c, 1 year 60c.

Red Varieties: Lutie, Delaware, Caco, Urbana, 2 year 75c, 1 year 60c.

Black Varieties: Nan Buren, Fredonia, Hicks Early Concord, Concord, Concord Seedless, 2 year 85c, 1 year 75c, Seibel 1,000, Wine, Ives Wine, Cynthiana, Wine, Sheridan.

Terms of Sale: Shipments will be made by prepaid parcel post on orders of \$2.00 or more with money order or check enclosed. Varieties are guaranteed true to name but our responsibility shall be limited to replacement of any stock found untrue or price refunded. Best prompt attention to all orders.

Truly yours,

H. A. NEAL.
